Price \$2.00 a Year—5c a Copy

News From Your TOWN HALL

With warm weather coming on, and the rainy season approaching, along with fly and bug time, the City Commissioners have issued a garbage ban to see that all garbage containers are securely covered, and that every vessel having a garbage can of that type. Health Officer Warren was directed to "get to work" on the assurance that the enforcement would be fully back of him on the enforcement program.

Something in the wind in the way of new legislation in regard to fire zoning, building control and streets, in an oft-discussed section north of the canal bridge.

Just a possibility that the commission at this time will adopt only a portion of the proposed new lighting plan submitted by the F. L. P. without disturbing the present franchise held by that corporation.

Move Office To Plant

The Glades Appliance Corporation, which had an office in the Borek block on Main street, is now established in its new location on the St. Lucie alluvium, where the company's industrial plants are located. The room in the Borek block soon will be used exclusively for store purposes.

Honor Roll Correction

Three names were erroneously omitted from the roll call last Friday's publication. They were second grade students "with honors," Jo Margaret Parson, Marybelle Schlechter, and Dorothy Irvin.

Charles Guignard's Funeral Held

Charles Guignard, youngest son of Mr. and Mrs. J. S. Guignard of Bonaire Elk, S. C., and brother of Mrs. John E. and William Guignard here, was killed May 5th when his truck and semi trailer which he was driving loaded with produce, went off the Santa River six miles north of St. Lucie, and when the bridge collapsed as he was crossing. The body was not recovered until last Saturday, and funeral services were held there.

Guignard was 22 years old and received his discharge from the army last December after serving in the European theater. Mrs. Elder and the Guignards were deeply grieved over the death of their son.

No Marriage License Offices In Glades

For a number of years past County Judge Robbins has been the only sub-division in the Glades where marriage licenses could be secured without the applicants having to go into the county seat to secure them. However, under the present law, the marriage license is issued only to those who have obtained a legal document, which includes blood tests, health certificate and three day posting of intent to marry, and the required record work, these offices will be closed again.

Negroes Seek Greener Fields For Harvest Work

An exodus of negro workers took place from the Belle Glade sector early Sunday morning and Monday, all heading for the northern states. Many were loaded on big trucks, smaller trucks and in self owned cars. The labor haulers provide free transportation but the transients have to pay their own grub when they have no money.

Every truck was packed like a sardine can with the negroes. Local farmers stated that there is yet a lot of field work to be done in the farm areas, particularly crop harvest, and there may be a shortage of labor to complete this work. The labor gets restless about this time of the year, and will leave better opportunities for ready occupancy.

Interior findings are now in progress and furnishers will soon be moved in ready for use.

A portion of the big sugar refinery section has been completed and the machinery of the plant is assembled and ready to move into position, so that the balance of the structure can be enclosed.

Couldn't Make The Grade

Carl Marshal, messenger at the post office, was offered a position with the U. S. Post Office, West Palm Beach Tuesday, for a third trial to enter the army, but was unable to make the grade from a physical point of view. Marshal is a member of the navy and has been spending the past month here, on Thursday left for his former home in Dallas, Texas, where he expects to engage in business with a former navy buddy as a partner.

The Entered Apprentice degree was conferred on Messrs. Hans Stein, Walter Cross and James Gaskell.

Health Officers Gave Clean-Up Orders

As a result of an official inspection by Dr. Marshall W. Myers of Vero Beach, of the State Board of Health, and a general health officer, to the Glades region last week, eating places and hotels found the power of the law.

As a result of the visit many places were given clean up orders, hotels and rooming houses were directed to provide new and better room equipment, and restaurant owners ordered to eliminate a number of practices in regard to food.

Dr. Myers visited the site and went over the plans for the proposed health clinic for the Glades, and was very pleased on this movement, for he knew no other place in Florida where it was more needed and where more good could be accomplished for patrons. He said that the clinic would be giving additional assistance to make the clinic workable.

Have Guests At Convention

Mr. and Mrs. Randolph Simonds of the V. I. and L. Store attended the Baptist convention in Miami this week, and were well received by the Miami people. They had as their guests there Rev. and Mrs. I. E. Enlow of Belle Glade, and Dr. H. E. Fowler, minister from their home town in Dallas, Texas.

Important Deal Gives Business Block New Owners

A business deal which will be of considerable import to the business of the city of Belle Glade has just been consummated after months of negotiations between all parties concerned in the transaction.

By the deal "Jack" Reynolds has his business block and apartment building at the corner of Main and Canal Point to the P & L Stores, Ltd., which operates a chain of stores in Lake Worth, Palm Beach and Belle Glade, and the management of R. B. Simmonds for the past 15 months in the Bock block.

A portion of the big sugar refinery section has been completed and the machinery of the plant is assembled and ready to move into position, so that the balance of the structure can be enclosed.

Fletcher Released

Captain Maurice Fletcher, former Pahokee High school faculty member, who recently received his discharge from the Army, after serving well for nearly four years in the French and German sectors, is spending a terminal leave with his parents, Dr. and Mrs. Fletcher in Pahokee.

Goes To Potter Ranch

Mrs. Alberta Potter, who has been the employee of A. Bailey, and formerly a maid to the manager of the Everglades theater, has resigned both positions and has gone to the Poter ranch near Ft. Bassinger. Mildred Clark has taken over the theater management.

President Bitting Entertains 150 Business Friends

Sugar Corporation Makes Outstanding Records The Past Season

With the opening of the president's barbecue, extended to many Florida business associates and friends, the season of 1946 really came to an end for the U. S. Sugar Corporation.

As a result of the visit many places were given clean up or

orders, hotels and rooming houses were directed to provide new and better room equipment, and restaurant owners ordered to eliminate a number of practices in regard to food.

Dr. Myers visited the site and went over the plans for the proposed health clinic for the Glades, and was very pleased on this movement, for he knew no other place in Florida where it was more needed and where more good could be accomplished for patrons. He said that the clinic would be giving additional assistance to make the clinic workable.

During the dinner hour, and afterwards, Hem Olson's band and soloists entertained with a musical program, punctuated by chorus singing and several specialty numbers by sugar company key men.

Russell Kay, the story teller and reriter, and Mr. Isaacs of the government service, also entertained with readings and stories.

Josiah Ferris, master of ceremonies, introduced the host, Mr. and Mrs. L. St. L. Store, at the beginning of the evening.

A BIG LITTLE NEWSPAPER
(From Palm Beach Post-Times, Sunday, May 5)

Sixty pages of interesting information about the Florida Everglades are contained in a special edition issued last week by the Belle Glade Herald.

Practically every phase of activity in the rich agricultural region of which Belle Glade has become one of the important centers, is portrayed in words and pictures. Not the least interesting feature of the edition is the wealth of advertising it contains. From the advertisements alone can be gained a comprehensive idea of the vast extent of the area's commercial life.

Editor Luther Jones and his staff performed a remarkable feat in preparing and printing such an elaborate newspaper in Belle Glade. It represents a tremendous volume of work but the completed job was worth it.

The May 5 issue of the Herald will long be valued as a source of authentic information concerning the most interesting and important agro-industrial region in this country.

All who read it will be left with no doubt that the Florida Everglades can thus be classified; or as the tremendous possibilities it offers for the future.

**Legion Will Resume
Boy State School
At Tallahassee**

The State Department of the American Legion has made plans for the resumption of its State School which had been dormant during the war years. The session of 1946 will be held at College for Women at Tallahassee from August 25 to 31 inclusive. The cost of tuition or supporting communities will be \$20 a day. Everything is provided except linens and towels while the students must provide their own laundry.

Each Post is entitled to one boy for the first three hundred members and one for the next three hundred or thereafter. Applications may be sent to the Post on Saturday prior to the opening of the convention.

Post Commanders are to go into connection with their adherents and recommend the boys, who must be Junior class members, upon their school record.

Belle Glade and Manatee Posts of Belle Glade and Pahokee have been accustomed to send lads to this outstanding educational event.

The five negroes who were taken into the county jail in connection with the mysterious murder of another negro at the Okelona sugar camp on Road 29, were all released by action of County Prosecutor Roebuck.

CINEMATIC CHATTER

By Malcolm Miller
Get yourself set for one of the most mysterious murder stories yet to come to the screen when "The Spiral Staircase" comes to the Everglades Theatre.

The story has a Vermont village at the turn of the century as its setting and all of the action of the story takes place in a few short hours, when a series of mysterious events lead the village into the horrible realization that there is a maniac in their midst.

So swift is the action that one hardly has time to catch their breath before they are bombarded with another shock.

It is a suspenseful thrill ride with a touch of romance.

ANNOUNCE ENGAGEMENT

Friends of Belle Glade have been advised of the engagement and coming marriage of Miss Alice Kerr and W. F. Roberton, who have been residents here the past year.

Miss Kerr, whose home is in Marietta, Ohio, has been employed as a third grade teacher in the local schools for the past year and Mr. Robertson comes from Delmar, Maryland, and is a district manager for a northern life insurance company.

While here, Miss Kerr has made many friends and friends while Mr. Robertson has been active in Odd Fellow lodge work, being one of the workers in establishing the Belle Glade Lodge No. 100.

The marriage will take place at the First Baptist Church on Sunday, June 9, with Rev. E. E. Enlow officiating at the close of the morning services.

"I LOST 52 lbs.!

WEAR SIZE 14 AGAIN!"

An Personal Note -

The experience of Mrs. May Morris, of Ft. Lauderdale, shows what can be done.

The clinical tests conducted at the University of Miami showed that she had lost 52 lbs.

She has now regained her weight and is wearing size 14 again.

Mrs. Morris says she has lost 52 lbs. in 10 months.

We Desire to Announce

The Purchase of the Jack Royals Business Block on West Avenue A

Now occupied by

**Johnson's Independent Market and
Green's Dress Store**

Which will be our new home early in the fall. As soon as extensive repairs and remodeling of the two ground store rooms, to meet the demands and requirements of our ever increasing business, are completed, we will open

OBSERVATIONS

Continued from page 1 and a big barbecue in which chicken, beef and pork, along with tasty Brunswick stew was served. The big mill dance on Thursday night was largely attended and dancing lasted until the wee small hours of the morning.

Postings soon to be sent to Washington to the FWA, from the city of Belle Glade for \$31,500.00, will take a long time to get this sum, but it looks possible that \$24,500 could be awarded rather quickly. If the money is there, then the grant is given and it is used, then the city will be beholden to repay the grant over a series

of years. If the project fails to materialize, queer it may seem, the city still will have to pay back the grant and would not have to be repaid. Sure some queer red tape and rules governing Federal grants.

There is nothing like perseverance and Judge G. A. Hubbard proved this to the City Commissioners by the way he hung on until he was finally granted his request to build some prefabricated houses over on his land beyond the railroad. Judge was a long time getting the city to comply with the building permit application form but finally reached it and got his permit.

And is that piece of highway

Island Landscape Company

We wish to thank our many friends in the Glades for the business which they have given us in the past and for their understanding and helpful attitude toward us during the years while we were mainly engaged in the preparation and maintenance of Airfields for the Army and Navy.

Once again we are able to resume peacetime operations and offer you the same efficient and courteous service which we have been able to render in the past. The service we offer is complete, from landscape planning to finished planting job. Our Nurseries are stocked with a wealth of lovely trees, shrubs, vines, potted plants, etc., awaiting your selection.

We invite you to stop in and visit us at any time and we will appreciate your continued business.

E. TINSLEY HALTER, President.

north of the bridge to the street north getting a pounding these days from the big construction activities, but the traffic and other machinery used in the road fall? Going to need some repair when the job is finished. So will some of the other highways which have been used in this heavy traffic work.

To see the weed covered and dilapidated looking farm fields and pastures, however, summer would not appear that in early fall they will again be showing the rich black mud soil and soon producing famous crops of winter vegetables from which the Glades farmers bring in their year's income.

Government regulations as to new building projects seem to have been relaxed. Belle Glade's most needed and pretentious projects. We refer to the Parkview hotel, which the Messrs. Lyman and Wells had intended to build this year. This project is not dead but will be very much alive when the opportunity to proceed is announced.

Builds Plant

J. E. Henderson is building a cement plant to be known as Concrete Products Industries Co. on Route 25 about half a mile west of South Bay. He expects the building to be completed and machinery installed ready for operation within three months.

They will be prepared to manufacture cement blocks, cement piling, concrete tile and roofing tiles, antiseptics, etc., totaling 1,000 cubic yards of blocks, and states that the capacity of the machinery installed will be up to 3000 blocks per day.

Miss Haines To Leave For France

As a teacher of the child evangelistic organization, Miss Margaret Haines, who recently came to the Glades, has resigned and is leaving this week to attend a summer session of Bible work in Texas before sailing for France where she will teach.

Miss Haines' work in this section has been primarily with the migrant children and she has held summer school sessions at the Community Methodist church as well as being very active in the various church organizations. Before leaving she worked for many years in Africa with the French missionaries and returned to the States just before the war.

Mayor Taylor Hears Negro Classic From "Mother" Buck

The police court roll Monday night showed a long list of offenders, but when the names were called, the names of the most notorious, so all bonds were due the esteem method of enriching the police court officer. Most of the offendred had hopped trucks bound northward. They were of interesting, varied character before the court whom the judge and officers will not soon forget and that was "Mother" Buck, who has appeared so often that she spent most of her earnings in court fines.

Her disappearance was a major classic as she produced many a subdued grin and smile. She was given the opportunity of hopping the first truck out of the city, but it was an even bet that she would not do so.

Mrs. Thomas Breger Heads Junior Red Cross in Glades

Mrs. Thomas Breger, Everglades Experiment Station, Belle Glade, has accepted the appointment as Junior Red Cross chairman for the coming year. She was recommended by Mrs. Gertrude Morganhead, Junior Red Cross Chairman for Palm Beach County.

The Bell Glade district is composed of three elementary schools: Lake Harbor Elementary, Belle Glade Elementary, Belle Glade Junior High School, Belle Glade Senior High School, Boca Raton Oceanic school, South Bay Elementary and South Bay Junior High school.

In accepting her new appointment Mrs. Breger stated: "We are starting a station Junior Red Cross for the coming year. And we hope that the people and students of the Belle Glade Catholic Church

Mass on last two Sundays of months at 9 o'clock. All other Sundays at 11 o'clock. Call for further information.

Persons in need of transportation call Mr. E. A. McCabe, phone 37,

Glade District will be interested enough to cooperate."

Conducts Study Course

Rev. Wm. Oswald is conducting a study course at Pilgrim's church each Sunday evening this week. Rev. Oswald announced that attendance at the Southern Baptist Convention would also give credit on this course.

HOME OWNERS!

Figure out the cost to you of "under-insurance"

THERE'S a pretty high price tag on your home, today, too. Yet its greatly increased value can be lost to you overnight—if fire comes and finds you under-insured.

The value of your home, for example, is almost certain to be from 30% to 50% more today than in 1939, depending on where you live.

The increase in value of your furniture, rugs, clothing, jewelry may well represent additional thousands of dollars in assets you are in danger of losing if fire should strike and destroy your home and belongings.

Fire losses every day are awakening

home owners to these tremendous increases in property values—too late! Fires—always unexpected—are occurring hourly, bringing serious and needless expense to home owners who have failed to consider the danger of being inadequately insured.

This is an urgent appeal to act now in your own interest—to protect these increased values of yours.

If your property is not adequately insured for its present value, a telephone call today may save you thousands. You will receive prompt, efficient service and insurance tailor-made to your needs.

Fire losses every day are awakening

Let us give you the protection of its double-duty Capital Stock company insurance that not only pays if fire strikes, but actually helps keep fire from starting.

LET US CHECK YOUR TRACTOR

From ← Here to Here →

Our mechanics will start at the radiator cap and work right back over your tractor. When they are through, you'll know the truth: Probably a few minor adjustments, a new grease seal—a plug or two will be all you need. But, if any part needs replacement, that fact will be discovered before it's done any damage that would cost you money and time.

"Our customers are mostly
voices on the telephone"

To a lot of businesses, customers are better known by their voices than by their faces. They order by telephone—seldom come in person to buy.

Many merchants conduct their buying in the same way. The telephone is the funnel through which flows an endless stream of commercial transactions.

Businessmen have grown accustomed to continually rising standards of telephone performance. But with the Telephone Company—as with every business—the maintenance of that performance is directed by the same motto: "Customer First." In 1945, telephone earnings were the lowest in more than two decades. In the current year, even lower earnings are in prospect. Wages have been increased, in keeping with the national trend, and the cost of everything else which goes into the furnishing of telephone service is steadily rising. Every business and every kind of personal earnings are a prime requirement of American enterprise. Telephone earnings must be sufficient to provide the kind of service you expect and to attract new capital for continued expansion.

In a word, adequate earnings safeguard the full usefulness of the telephone in carrying on the affairs of the community.

Plane Takes Spill

A forced landing on account of carburetor trouble by Billy Strickland, son of Mr. and Mrs. J. W. Strickland, damaged the new Cub plane belonging to G. C. Cherry to the amount of an estimated \$200, according to Mr. Cherry.

Billy, a student flyer, was forced to land on the government-like between the S. K. Knott and Roy E. Hudson farms Friday afternoon. In landing, a cross wind whipped the light plane about and it rolled to the water edge stripping the landing gear. The engine was not damaged. The pilot escaped unharmed. Mr. Cherry said the boy handled the matter very well considering the circumstances.

Chief Payne Solves Robbery

Chief of Police C. G. Payne took the hour for a quick solution to a robbery and a holdup this morning when he had the stolen goods recovered and his man in jail two hours from the time the robbery was reported.

The Al Goedert department store in the colored subdivision was entered and robbed sometime Saturday night. The robbery was discovered about noon the next day when the alarm opened up the store. It was reported to Chief Payne at noon and arrested John D. Densen, colored of Savannah, Ga., and had recovered all of the stolen merchandise.

After residing here for the past two years, Miss Harriette McClain has moved her permanent address at the Ocoee Cannery and is opening a china shop in West Palm Beach. She has been at the camp for the past eight months. This year's series of night supervisory work at the Migratory hospital and has many friends here. Miss McClain recently purchased a lot at Seaboard and Harbor Street and is erecting a building which will be known as "Harriette's China Shoppe."

Reddick At Orlando

Dick Reddick, who in school days hailed from South Bay, and who was a star on the Palatka Blue Devil football team, is being given an honorable discharge from the service and is now located at Orlando. He has taken up some 16 acres of land near Conway, which he is preparing to set out a farm. He has a herd of cattle. His mother, who was a former teacher in the South Bay schools, has gone to Orlando to make her home.

Building New Addition

The Coastal Truck company is building a sizable addition to the rear of its plant on the Palm Beach road to provide additional room for its operation.

Cattle Back To Island

Gus Cromatic has returned his cattle herd to the home pasture on Turkey Island. Last fall when the water flooded the island it killed the pasture and the herd was reduced to starvation. The cattle were knee deep in water until the herd was taken off their legs up to the water line.

In order to save the herd while the water was still standing up over a period of years, Morrison created a pasture down below Belle Glade. The cattle were weighed in and out. They weighed out at 903 and weight at 639, making a weight of 156 pounds or 1 1/4 pounds per day as they were fed. The cattle were fed for five days short of four weeks. The forage was fair quality. The forage was hay and ryegrass and Mr. Cromatic is enthusiastic about its fattening qualities.

Beans To Cannery

Frank Anderson of the Everglades Produce Co. reports that their growers started last week on the harvest of some 500 acres of snap beans planted just after the March frost. He states that the yield will be a fair lot, that all the beans are going to the cannery as there is no longer any demand here for beans on the open market. Some 200 pounds of chickory and escarole are expected to be shipped, he estimated.

IMPORTANT

(Continued from Page 1) leases have been purchased by the new owners. The Green store will be consolidated with the new store, while Mr. Johnson, after the remodeling of the present Beck store room, will take over the P & L room and apartment.

The remodeling of the P & L room will extend the ground floor rooms into one large store to make it into a modern mercantile building.

It will be entirely equipped with modern stores and display equipment and an enlarged new stock of the type of merchandise handled by the firm.

It will be made possible the company needed much additional space for its ever increasing business.

The company hopes to add remodeling to that unit early September when it is completed.

Mr. R. B. Simmonds, the local store manager, will soon speak several weeks in the northern markets marketing contracts and purchases for his fall and winter merchandise.

The schedule as released reads as follows:

May 19—Morrison at Pompano; Boynton at Lake Worth; Belle Glade at Stuart; Clewiston at Palmetto.

May 26—Lake Worth at Clewiston; Stuart at Morrison; Pahokee at Boynton; Pompano at Glendale.
